

Children Change the World

Montessori Conference 2019

April 5, 6 and 7, 2019

I am the Conference Coordinator for the Children Change the World Conference, our goal is to together Montessori advocates and visionaries, to inspire and be inspired by, to learn from and learn with, to grow and embrace our diversities. To create a village for children so that they know that they are supported, listened to and loved. To work together to bring a little bit of peace to this very chaotic world and to protect the integrity of Maria Montessori's vision for her philosophy and method.

We believe in empowering young children to fulfill their full potential and become strong, confident contributing men and women of tomorrow.

We believe in creating very special places for young children that provide them with beauty, peace, exploration, discovery, safety, utmost respect and unconditional love through the use of the Montessori Method.

We believe in the words of Maria Montessori ~ The child is both a hope and a promise for mankind.

We have been blessed with being in a position to make a positive change in the lives of children

We will be hosting the 5th annual Children Change the World Montessori Conference on April 5th, 6th and 7th 2019 here in Calgary.

We would be delighted to be able to include you as a sponsor, the funds from your organization will go directly to offsetting the costs of the conference as well as, if there are extra funds, setting up a Montessori fund which would allow less fortunate families to apply to have their tuition subsidized so that their young children could attend.

We are an organization with big dreams of carrying on the legacy of Maria Montessori, a woman far beyond her years. We want to continue the opportunities and love of learning that she instilled through her philosophy and method for young children. Together, we can change the future of education! Sponsorship of any amount is helpful and allows us to get a step closer in achieving our goals.

Your generous sponsorship would be highlighted in the enrollment packages, announcements to the attendees and throughout the conference and in our article about the conference on all of our social media afterwards.

To learn more about us please check us out at www.childrenchangetheworld.com.

Thank you for your support! Please consider adding *Children Change the World Montessori Conference* to your charitable plans for this year.

Yours truly,

Shelley Debaar
