This is a wonderful weekend of Montessori like-minded individuals getting together to share and learn from each other. It is our pleasure to host this conference and to be able to provide you with a relaxing weekend, where time slows down and someone takes care of you.

Please plan to take in the full experience and join us for meals, entertainment and the different networking opportunities that are available throughout the weekend, some are planned and some just wonderfully happen.

We want the conference to not only be about knowledge sharing but about a full experience of a weekend with great people, great food, great knowledge, great sharing, rest and relaxation and so much more.

Consider staying right at the hotel for the weekend, you deserve it and it will just add to your experience. Shelley and Blair Debaar and the entire Conference team

"Education should no longer be mostly imparting of knowledge, but must take a new path, seeking the release of human potentialities."
